Dear Harold:

Thought I'd send you the Freep story on the RFK Sgt. since print is more lasting (and frankly easier to put together). Also enclosed is the short "Jim' story re: CIA that ran on UPI nationwide...Do keep your eye our for the 5000 word plus New Times mag-article that is due out soon...Rest assured that I'll put one in the mail anyway...

I ran the Lazar story idea around with a couple of persons (including here at the station) and found little interest from a commercial program or interview point of view, though I agree with you, it is a dynamite legal point. However one attorney friend, Roger Grace, took your phone number and should be calling you for more details...He writes a national legal column and was quite interested...

Best to you...
